

SPECIALTY PUMPS

Car Wash Pumps 310 310S 5CP2120W 1540E

Cat Pumps are rugged pumps designed for continuous-duty operation. They require little maintenance and are suited to the many cycles of a car wash. Cat Pumps industrial triplex car wash pumps are used in over 86% of all USA manufactured self-service and automatic car wash systems. CAT PUMPS® are also used for detailing, prep and larger truck wash systems and we provide dependable service in reclaim water systems. Our heavy-duty car wash pumps are known for low maintenance, easy service and years of continuous, trouble-free operation. Experience the legendary reliability of CAT PUMPS® in your next car wash.

MODEL 310 310S

Flow.....15 L/M.....or 19 L/M
Discharge Pressure Range2200 PSI or 1500 PSI
RPM950 RPM or 1188 RPM

MODEL 5CP2120W

Flow.....15 L/M.....or 19 L/M
Discharge Pressure Range2500 PSI or 2000 PSI
RPM950 RPM or 1188 RPM

MODEL 1540E

Flow.....68 L/M
Discharge Pressure Range100-1200 PSI
RPM1100 RPM

316 Stainless Desalination Pumps 2SF35SEEL 351 1051

FEATURES

- Triplex design provides smoother liquid flow.
- Unique spring loaded Inlet Valves and flow through ceramic plungers assure smooth, consistent liquid flow through pump.
- 316L Stainless Steel Manifolds for strength and corrosion resistance.
- OPTIONAL Stainless Steel Unloader for system pressure control and pump protection.
- Ultra compact, lightweight direct-drive design.

MODEL 2SF35SEEL \$poa

Flow.....13.2 L/M
Discharge Pressure Range100-1200 PSI
RPM1725 RPM

MODEL 351

Flow.....18.9 L/M
Discharge Pressure Range1500 PSI
RPM1725 RPM

MODEL 1051

Flow.....38.9 L/M
Discharge Pressure Range2200 PSI
RPM958 RPM

Pressure Washer Pumps Direct Drive 2SFX30GS

MODEL 3DX29GS1Assy

Flow.....11.0 L/M
Discharge Pressure Range2500 PSI
RPM3450 RPM for 6.5Hp engine

MODEL 2SFX30GS

Flow.....11.4 L/M
Discharge Pressure Range2000 PSI
RPM3450 RPM for 6.5Hp engine

MODEL 66DX40GG1Assy

Flow.....15.0 L/M
Discharge Pressure Range4000 PSI
RPM3450 RPM for 13Hp engine

Pressure Washer Pumps Belt Drive 3CP1120 5CP3120

MODEL 3CP1120

Flow.....15.9 L/M
Discharge Pressure Range2200 PSI
RPM1720 RPM for 8Hp engine

MODEL 5CP3120

Flow.....17.0 L/M
Discharge Pressure Range3500 PSI
RPM1645 RPM for 16Hp engine

MODEL 5CP3120Assy

Flow.....15.0 L/M
Discharge Pressure Range3500 PSI
RPM1645 RPM for 13Hp engine
